

# FRANCISCO DIAZ

Founder and CEO, Adapt2 Solutions, Inc.  
<http://www.adapt2solutions.com/>

---

Francisco is President and Founder of Adapt2 Solutions. Since 2008, Adapt2 has experienced 25 percent growth annually since inception and now employs more than 30 team members supporting over 25 large energy clients. Adapt2 ISO has become the premiere Power Trading and Operations software for the deregulated power markets. He has 18 plus years of experience developing and delivering energy solutions for clients in North American and European markets. The Adapt2 ISO software offering is driven by Francisco's dedication to providing the best in class solution to an under-served user community. Francisco participates in several panels and user groups within the energy markets to maintain a state of the art advantage for the benefit of Adapt2's client base. Francisco is guiding Adapt2 with a solution to answer the need for expanded cloud based computing, employing blockchain technology and expansion of data lakes. He received his bachelor's degree in business economics, with a minor in computational economics, from the University of Texas at Austin. Francisco is a member at large of Girl Scouts San Jacinto and serves as board of advisors for several consulting and energy trading companies. He and his family are active parishioners at St. Theresa's of Memorial Park, and he also coaches his oldest daughter's soccer team. Francisco is married to Philana Diaz, and the couple has three children: Isabella, 9, Francisco, 6, and Anna, 5.
