# Professional Staff

## Professional Staff

At Haynes Boone, we are dedicated to our people and believe our employees are the heart and soul of the firm. We hire staff that contribute to the professional reputation of our firm, enhance client relationships and support our lawyers in the delivery of legal services. The primary mission of our professional staff is the same as that of our lawyers: to add value to our clients by helping them meet their business objectives.

We seek highly-motivated people who can help us achieve that mission.

## A Great Place to Work

This is a rewarding place to build or extend your career. Our high rankings as a “good place to work” reflect an emphasis on teamwork that values the roles staff members play in serving our clients.

Our strong commitment to and success at building a diverse workforce means that all offices strive to reflect the experiences and capabilities of the communities where we practice and live. When you join Haynes Boone, you’ll find a workplace that values contributions that all of us make.

## Attracting the Best People

Our positive work environment, competitive compensation and benefits package, technology support and professional development opportunities enable us to attract outstanding people.
