By combining the two groups, clients have the benefit of experienced lawyers who restructure distressed assets out of court in complicated loan structures and regularly litigate contested matters in bankruptcy court. Real-world understanding of the bankruptcy court and the application and interpretation of the Bankruptcy Code is vital to anyone seeking to understand their options in a restructuring.

We regularly provide counsel to borrowers, private equity sponsors, special servicers, lenders to distressed borrowers, and purchasers of real estate assets and of distressed debt. Our professionals have actively represented clients throughout multiple real estate cycles.
