FORM ADV ANNUAL UPDATING AMENDMENT FOR RIAs; ANNUAL DELIVERY OF PART 2A TO CLIENTS

Annual Updating Amendment

Each registered investment adviser (“RIA”) must file an annual updating amendment to its Form ADV (including Part 1A and Part 2A) to update its responses to all items and questions within 90 days of the end of each fiscal year. Accordingly, an RIA with a December 31 fiscal year end will be required to file an annual updating amendment to its Form ADV by **March 31, 2023**. The Form ADV annual updating amendment is filed electronically with the Securities and Exchange Commission (“SEC”) (or applicable state regulatory authorities) via the Investment Adviser Registration Depository (“IARD”). An RIA must include the summary of material changes required by Item 2 of Part 2A either in the brochure (cover page or the page immediately thereafter) or as an exhibit to the brochure. Amendments to Part 2B of Form ADV generally are not required to be filed with the SEC (unless requested) or made publicly available on the IARD website, but investment advisers registered with the State of Texas or other state regulatory authorities may be required to file amendments to Part 2B of Form ADV with such authorities (including as part of the annual updating amendment).

Please note that the IARD charges filing fees in connection with Form ADV annual updating amendments and each RIA should review the balance in its IARD account at FINRA to ensure that sufficient funds are available to cover such fees.
