

2026 Regulatory Update for Investment Managers and Private Funds

January 21, 2026 Evan Hall, Jacqueline Jensen, Cristina Mauldin

PRACTICES Investment Management

For investment advisers, investment managers, private funds, commodity pool operators and commodity trading advisors looking to navigate 2026 with confidence, this update serves as a starting point to prepare for the year ahead. In this guide, we highlight key annual and periodic regulatory, legal, reporting and compliance obligations with upcoming deadlines.

Stay informed: Discover critical filing dates and reporting requirements for 2026.

Stay compliant: Ensure you're meeting all legal and regulatory responsibilities.

Stay ahead: Use this update to strategically plan for a successful year.

Please note: While this is a helpful overview, it is not exhaustive. For a comprehensive understanding of all applicable compliance and regulatory nuances specific to your operations, further detailed insights may be necessary. For your reference, a consolidated Regulatory Filings Calendar summarizing upcoming filing and compliance dates appears at the conclusion of this update.
