**PRACTICES** Mexico, Energy, Power and Natural Resources, Mexico Energy Reform, Oil and Gas

---

On June 30, 2017, the Ministry of Energy published in COFEMER (Comisión Federal de Mejora Regulatoria) for public consultation the drafts of six manuals that will govern certain activities undertaken by the participants in the Wholesale Power Market (“WPM”).

Before the drafts are published in the Federal Gazette there is a period of 30 business days to address any comments thereto and such comments may be included in the last version.

### **Import and Export Guidelines**

These guidelines set forth the terms and conditions on import and export of energy to the National Electric System (“SEN”) from the foreign interconnection points indicated below. All market participants must comply with the regulations of the foreign electric systems.
