Welcome to the latest edition of our Shipping and Offshore Energy newsletter.

Hot off the press this month is the publication of the Lexology's *Getting the Deal Through – Shipbuilding 2023* guide. The chapter on shipbuilding contracts governed by the law of England and Wales is written by William Cecil, Mark Johnson, Mette Duffy and myself, Fiona Cain.

This is not the only publication we cover in this edition - Conrad Purcell has produced a Q&A on Project Finance laws and regulation applicable in the UK for *Legal 500*.

In this newsletter, we also have the usual wide selection of articles and alerts.
