

The IP Beacon® – October 2026

By Jeffrey A. Wolfson, Jeffrey Morton, Ph.D., David A. Bell, Preston C. Mason, Michael J. Lambert, Jonathan R. Bowser, Lee F. Johnston, Gregory Huh, Calmann James Clements, Joshua Shetler | October 29, 2026

RELATED PRACTICES Intellectual Property, Intellectual Property Litigation, Copyright, Patents, AI and Technology, Patent Office Trials, Patent Prosecution and Counseling, Trademark and Advertising, Biotechnology

The October 2026 edition of Haynes Boone's IP Beacon® provides timely legal insights for businesses, innovators and intellectual property owners navigating developments in patent prosecution, patent litigation, trademarks, copyrights, trade secrets and artificial intelligence.

Highlights from this edition are featured below, including analysis of recent federal appellate decisions, emerging AI regulation and online content protection. Read the full newsletter for additional updates from Haynes Boone's global [Intellectual Property Practice Group](#), recent firm involvement and upcoming industry events.
