Royse in Food Technology Magazine: Hard Times for Indoor Agriculture

By Roger Royse | November 9, 2023

RELATED PRACTICES Agriculture Technology

Haynes Boone Partner Roger Royse was quoted in a *Food Technology Magazine* article on the current new reality that the indoor agriculture business has fallen rather abruptly into disarray with some important startups in bankruptcy, major initial investors withdrawing or pulling back on their support, and surging energy costs proving an Achilles' heel for some prominent business models.
