

## PBGC Board Approves New Investment Policy

---

June 7, 2011

---

---

The Board of Directors of the Pension Benefit Guaranty Corporation (PBGC) unanimously adopted a new investment policy. The new policy establishes a 30 percent target asset allocation for equities and other non-fixed income assets and a 70 percent allocation to fixed income. The objective is to maximize total return within a prudent risk framework. See the full policy [here](#).
