Eighteen Haynes Boone lawyers have been recognized as stand-out talent for the 2021 Acritas Stars directory, published by Thomson Reuters. This prestigious recognition is based on client nominations and interviews.

Acritas maintains a database of lawyers who have been commended by senior in-house counsel in large organizations. Acritas interviews more than 2,300 senior legal buyers worldwide about the legal market in their global SharpLegal study. The survey asks participants to name exemplary outside counsel with whom they have worked and to describe the particular characteristics that qualify these individuals as outstanding.

The following Haynes Boone lawyers have been named 2021 Acritas Stars:
