

Haynes Boone Listed Among Best Firms to Work for in Vault 2022 Rankings

September 28, 2021

Haynes Boone has again earned recognition in various categories of *Vault's* annual survey of the leading U.S. law firms. Haynes Boone is listed among the Top 10 Best Law Firms in Texas and Top 100 most prestigious law firms in the country.

In the Best Law Firms by Region category, the firm ranked 10th in Texas based on ratings from associates in the region. The firm's commitment to diversity, dedication to community, and international reach are cited as some of the reasons people enjoy working at Haynes Boone.

In the Quality of Life category, the firm ranked among the Top 30 in "Diversity for Individuals with Disabilities," "Wellness," and "Diversity for LGBTQ+ Individuals." In the Best Summer Associate Program category, the firm ranked in the Top 30 in the following areas in "Social Experiences" in "Attorney Interactions."

Vault stated: "Summer associates are given opportunities to perform substantive client work for both pro bono and traditional clients. Work is easily assigned in an organic manner, with attorneys at every level participating in assigning, reviewing, and providing feedback for summer associate work."

"To continuously be highly ranked on a nationally respected platform is testament to the firm's efforts to ensure a collaborative, inclusive and satisfying workplace," said Sharon E. Jones, Interim Director of Diversity, Equity and Inclusion. "That these rankings are based on reviews from peers make the recognition all the more gratifying."

Vault ranks firms based on market feedback and analysis, along with surveys sent to associates at firms across the country. This year, nearly 20,000 attorneys returned the anonymous surveys to *Vault*, which asked associates to rate only those firms with which they were familiar. The associates were barred from rating their own firm.
