The highly respected 2016 BTI Power Rankings of U.S. law firms has given top marks to Haynes Boone as a "Core Law Firm" with best access to clients' most attractive work, and as a "Most Recommended Law Firm" that earns "the all-important unprompted recommendation from today's most persuasive clients."

Based on 16 years of trend data and in-depth telephone interviews with more than 300 leading legal decision-makers last year, the 2016 BTI ratings included the firm as a ranked Core Law Firm in financial services, professional services and transportation. "These firms have successfully infiltrated clients' rosters of go-to firms, making them formidable market competitors," researchers said.

Haynes Boone rated as a Most Recommended Law Firm in financial services, professional services and retail trade.

"The BTI rankings are based on client perception of the quality of our legal services, so it is extremely gratifying to us to have been ranked so highly by our clients in so many categories," said Managing Partner [Tim Powers](#). "Our client-first philosophy is the cornerstone of our core values and culture. We believe it is the reason for our ongoing success, and we are pleased to see these rankings confirm our belief."

Each year BTI reaches out to sample legal decision-makers at large organizations with \$1 billion or more in revenue. Participants are granted confidentiality at the individual and organizational levels. The research is independent and unbiased. No law firm or organization other than BTI sponsors the study.
