Haynes Boone advised Liberty Energy Inc. (NYSE: LBRT), a leading energy services and technology company, on its \$770 million offering of 0.00% convertible senior notes due 2031. The notes were issued and sold in a private offering to qualified institutional buyers pursuant to Rule 144A. In connection with the notes offering, Liberty entered into privately negotiated capped-call transactions relating to the notes with option counterparties.

Liberty is one of the largest providers of completion services and technologies to onshore oil, natural gas and enhanced geothermal energy producers in North America. Liberty also owns and operates Liberty Power Innovations LLC, providing advanced distributed power and energy storage solutions, serving the commercial and industrial, data center, energy and mining industries.

The Haynes Boone deal team was led by Partners [Jennifer Wisinski](#), [Stephen Grant](#), [Monika Sanford](#) and [Matthew Frankle](#), with assistance from Associates [Alexa Davis Cooper](#), [Brick Christensen](#), [Darby Brooks](#) and [Lawson Sumler](#).

“This offering positions the company well with added financial flexibility,” said Wisinski. “We were proud to support Liberty on this successful transaction.”

Headquartered in Denver, Liberty was founded in 2011 with a focus on value creation through a culture of innovation and excellence and the development of next-generation technology.

Haynes Boone’s [Capital Markets and Securities Practice](#) advises on high-value public offerings, including IPOs, PIPEs, reverse mergers and dual listings.
