Haynes Boone has been included in TIME's list of America's Top Law Firms 2024. This prestigious award is presented by TIME and Statista Inc., the world-leading statistics portal and industry ranking provider. The awards list was announced on Nov. 14, 2023, and can currently be viewed on [TIME's website](#).

The America's Top Law Firms 2024 list is a comprehensive research study conducted to identify the top performing law firms across the nation. The list is based on the recommendations made by lawyers (peer-to-peer survey) and clients (e.g., in-house lawyers working in corporate legal departments). Statista used recommendations from its own internationally conducted surveys as well as additional company data (e.g. revenue, number of employees) provided by the companies themselves (voluntary information in a separate follow-up survey or provided by the companies on their websites), or from public sources (e.g. press releases, public directories, etc.). To be included in the final list of 150, law firms needed a minimum total number of recommendations, a minimum worldwide turnover of at least \$200 million, and at least 100 employees in the United States.

This ranking follows other similar and recent recognitions for Haynes Boone, including this month when it was named [Texas Firm of the Year](#) by Who's Who Legal and when 32 of the firm's practice areas were ranked nationally by [Best Law Firms](#).
