Haynes Boone Named in Top 10 of Patent Lawyer Regional Law Firm Rankings

April 13, 2023

RELATED PRACTICES Patents, Patent Prosecution and Counseling, Intellectual Property

Haynes Boone has been ranked by *The Patent Lawyer Magazine* among the top law firms in the world for its work in the patent field in the 2023 Patent Lawyer Law Firm Rankings. This year, the firm was named in the top 10 of the magazine's North America – South region.

The annual rankings are based on extensive criteria, including market reputation, achievements within the last year, strengths, accessibility, client testimonials, firm-created thought leadership, website quality, DEI, other third-party rankings, and involvement in legal associations and conferences.

"We are proud and honored to earn this distinction from *The Patent Lawyer*," said Haynes Boone Patent Trials and Counseling Practice Group Co-Chair David O'Dell. "This is a testament to the great work our clients entrust us with and to the high standard of legal work all of us hold ourselves to at Haynes Boone."

This new ranking follows the announcement earlier this month that Patexia Inc., a publisher of analysis and data-driven rankings about the intellectual property sector, named Haynes Boone as the sixth-best-performing firm overall in its 2023 Patent Prosecution Intelligence Report.

The Haynes Boone patent group has filed more than 19,000 applications in the United States and abroad in the past five years. It offers sophisticated counseling and portfolio management, as well as representation in post-grant proceedings at the U.S. Patent and Trademark Office, litigation in federal courts and cases before the U.S. International Trade Commission (ITC). A majority of the team has technical and science backgrounds, having worked as biologists, computer programmers, doctors, engineers, physicists and technical salespeople. Many have worked extensively in their respective fields as entrepreneurs, teachers, inventors and in-house counsel.

Haynes Boone is an international corporate law firm with 19 offices spanning Texas, New York, California, Charlotte, Chicago, Denver, Virginia, Washington, D.C., London, Mexico City and Shanghai, providing a full spectrum of legal services in energy, technology, financial services and private equity. With about 650 lawyers, Haynes Boone is ranked among the largest U.S.-based firms by *The National Law Journal, The American Lawyer* and *The Lawyer*. It was recognized in the BTI Consulting Group's 2022 "A-Team" report, which identifies the law firms that in-house counsel commend for providing superior client service.
