Haynes Boone Patent Prosecution Practice Ranked Among California's Best by Chambers USA

By Greg Michelson, Tom Chen | June 14, 2022

RELATED PRACTICES Intellectual Property Litigation, AI and Technology, Autonomous Transportation, Patent Office Trials, Networking, Patent Prosecution and Counseling, Intellectual Property

Haynes Boone has one of the top-ranked intellectual property (patent prosecution) practices in California, according to *Chambers USA*'s 2022 rankings (Chambers and Partners).

Haynes Boone's Patent Prosecution team was ranked Band 3 and complimented as a "respected group" with "notable experience." The guide cited the team's skill in patent portfolio management, prosecution, IPRs and related transactions. *Chambers* highlighted the firm's "enviable client base," which includes a number of household names within the tech sector.

Chambers further cited IP Partner Greg Michelson, the administrative partner of Haynes Boone's Orange County Office, and IP Partner Tom Chen, an Orange County-based member of the firm's Executive Committee, as "notable practitioners" in the firm's patent prosecution practice in California.

Haynes Boone's Patent Prosecution and Counseling Practice Group has substantial experience filing patents spanning numerous technologies, including medical devices, semiconductors, nanotechnology, oil well technology, wireless technology, software and telecommunications networking equipment, among others. The high volume of filings by team members over the years has also given the firm particular skill and insight into helping clients with patent reviews and reexaminations, reissues and other contested post-grant proceedings before the U.S. Patent and Trademark Office)(USPTO), including *inter partes* review and covered business patent reviews.
