COVID-19 Webinar: Supply Chain Issues in the U.S., China and the UK - How to Navigate Contractual Obligations and Avoid Disputes

By Gilbert D. Porter, Liza L.S. Mark, William Cecil | January 11, 2022

RELATED PRACTICES Procurement and Supply Chain Management, Asia, Europe, Middle East and Africa, Insurance Recovery, International, Litigation

As the world continues to be impacted by global supply chain issues causing gridlock on an unprecedented level, our panel of speakers from the U.S., China and the UK discuss:

- An overview of the legal issues involved
- How to avoid disputes, and the best practice when it comes to drafting commercial contracts
- Contractual defenses - frustration and force majeure - a comparison of the law in the U.S., China and the UK
- Do contracts need to offer more protection in the future?
