ADMISSIONS

- Washington, D.C.
- New York
- New Jersey

LANGUAGES

- French

Serge Agbre is an energy lawyer focusing on commodities trading transactions and regulation in the power and renewables and oil and gas sectors. His practice includes negotiating, reviewing, and drafting contracts for energy transactions involving standardized master agreements and customized bilateral agreements.

He additionally has experience advising electric, natural gas, and other energy industry participants in a variety of matters before FERC and CFTC, as well as in related judicial appeals. His representations include enforcement matters, rate proceedings, certificate proceedings, National Environmental Policy Act (NEPA) matters connected to gas infrastructure projects, as well as reliability standard and enforcement matters.

Serge has coauthored more than 40 publications concerning various developments in the energy industry, including pipeline infrastructure and LNG projects, electric power and renewables, and FERC enforcement trends. He has also co-hosted several webinars on these topics.
