RELATED PRACTICES Mechanical, Medical Device and Technology, Patents, Patent Prosecution and Counseling, Intellectual Property, Design Patents

---

Braden Davies is an associate in the Intellectual Property Practice Group in Haynes Boone's Dallas office.

His practice focuses on preparing and prosecuting U.S., Patent Cooperation Treaty (PCT), and foreign utility patent applications. Braden assists clients in developing sophisticated patent portfolios and strategies. His practice also includes design patent applications and general IP counseling.

Before earning his law degree and joining the firm, Braden obtained a B.S. in Mechanical Engineering. He gained valuable experience designing updated production lines and performing pump testing for an industrial pump manufacturer. He also gained valuable experience investigating the feasibility of automated manufacturing processes and carrying out performance testing on various grades of boron nitride powders for a large chemical company.
