---

Adam Erickson is an associate in the Intellectual Property Practice Group in Haynes Boone's Dallas - North office.

Adam's practice focuses on patent prosecution and patent office trials. He has experience drafting patent applications for inventions of various technologies including medical devices, artificial intelligence, telecommunications, and acoustics. Adam's practice also includes researching trends in artificial intelligence and patent procurement.

In law school, Adam was the recipient of several awards and honors for clinical practice, academic excellence, and service and served as a lead fellow of the Brigham Young University Community Clinic. There he provided pro bono legal service for various immigration matters, including adjustment of status and asylum applicants.
