PRACTICES Finance

Maurice Foster is an associate in the Finance Practice Group in Haynes Boone's Dallas office. His practice focuses on financial transactions.

Prior to joining Haynes Boone, Maurice managed various retail bank branches. In his last post he managed a bank branch with a \$75 million deposit base. He grew the branch's multi-million dollar consumer and small business loan portfolio by 28% and increased investment revenue by more than 100% year over year. His efforts culminated in the bank awarding his branch the company's highest performance award only granted to the top 10% of associates bank-wide.
