PRACTICES Intellectual Property, Patents, Patent Prosecution and Counseling

Eric Li is a counsel in the Intellectual Property Practice Group in the Dallas - North office of Haynes and Boone. He specializes in intellectual property law, including patent preparation and prosecution. His technical areas of experience include semiconductor processing, solid-state lighting, telecommunications, computer software, and medical devices. Prior to joining Haynes and Boone, Eric was an electrical engineer at two well-known telecommunications companies and worked on the development and testing of GSM and CDMA transceivers.

Eric's practice focuses on:

- Patent preparation
 - Patent prosecution
 - Infringement and validity analysis and intellectual property opinions
 - Licensing, information technology, and intellectual property transactions
-
