Jordan Maucotel is an associate in the Intellectual Property Practice Group in the Richardson office of Haynes and Boone, LLP. Jordan's practice focuses on patent prosecution and patent office trials.

Jordan's technical experience includes optical systems, circuit design, robotics, medical devices, and material science. Prior to his legal career, Jordan worked at an electronic engineering firm that specializes in embedded electronics design and manufacturing. He aided in the development of consumer electronics, radiation detectors, and chemical analyzers. Jordan also counseled clients on technology startup strategies.
