Michael McCarty is an associate in the Intellectual Property Practice Group in the Dallas – North office of Haynes and Boone, LLP.

Michael's practice focuses on patent prosecution and patent office trials.

Michael's technical experience includes digital electronics design with a focus on circuit design for industrial embedded systems with processors and FPGAs. Michael's experience also includes work with mass spectrometer electronics design.

EDUCATION AND CLERKSHIPS

- J.D., Duke University School of Law, 2020
- B.S., Electrical Engineering, Brigham Young University, 2010

Prior to his legal career, Michael worked at an engineering firm specializing in software-centric data acquisition and control using embedded systems. He also worked at a firm which produces mass spectrometer systems where he aided in the development of control electronics and software for a number of systems.
