---

Jamie Raju is an Intellectual Property (IP) attorney based in the Dallas office of Haynes Boone. Jamie's practice focuses on IP disputes, including patent litigation, trade secret litigation, and *inter partes* reviews. She also has extensive experience in patent procurement and IP portfolio management. Using her electrical engineering and medical background, Jamie advocates for her clients before the courts and Patent Office and deciphers highly complex technologies, including those in the electrical and computer technology, telecommunications, artificial intelligence, biotechnology, and medical device sectors.
