PRACTICES Intellectual Property, Patents, Patent Prosecution and Counseling, Autonomous Transportation

Dr. Li Yang is an associate whose practice focuses on the preparation of domestic and international patent applications with concentration in the areas of semiconductors and telecommunications.

Prior to his legal career, Li worked for one of world's leading semiconductor companies for seven years as an integrated circuit (IC) design lead. He has a diverse set of knowledge in the electronics field spanning into semiconductor fabrication, IC design, IC packaging and testing, radio frequency and microwave circuits, and consumer electronics. Li is a co-author of two published academic books and holds two issued U.S. patents.
